Subject: Certificate for International Student satisfaction - University of Zaragoza

Dear Mr. López Pérez,

We are happy to send you the certificate for Excellent International Student Satisfaction as announced by email recently.

Once again we would like to congratulate you on winning this award! This means that international students rated their study experience at your university with a score a score between 9 and 9.5 out of 12.

To remind you what this means:

This is the result of an analysis made by StudyPortals, based on the reviews of almost 17,000 international students on STeXX.eu - the student experience exchange platform.
